

## **John Franklin Christmas Lunch Organising Committee**

### **Volunteer Participation Survey Report 2019**

The John Franklin Christmas Lunch (JFCL) would not be possible without the participation of volunteers on Christmas Eve, Christmas Day and Boxing Day. The committee believes that additionally, the JFCL volunteering promotes a caring and supportive community and fosters community wellbeing.

#### **2019 Volunteer profiles.**

There were 260 volunteers formally rostered for the 2019 event. All rostered volunteers are required to register on Christmas Day. Nine (9) volunteers did not register on Christmas Day. 216 separate volunteer applications were completed in 2019. Some applications include multiple volunteers . e.g family with young children and some separate applications included the same contact email address.

Volunteers are not required to register their attendance on Christmas Eve and Boxing Day, so any “no shows” or “drop ins” cannot be accounted for. A team of volunteers from Tradies GyMEA assist significantly in setting up the gift and giveaway room on Christmas Eve. None of these volunteers are formally registered and so are not included in the 260 rostered volunteers or in this survey.

#### **Method:**

Using Survey Monkey a volunteer participation survey was sent to 141 unique email addresses on Friday 27th December 2019 and remained open until 10th January 2020. Email addresses were sourced from the volunteer application forms completed on the JFCL website. These email addresses are used strictly for JFCL correspondence.

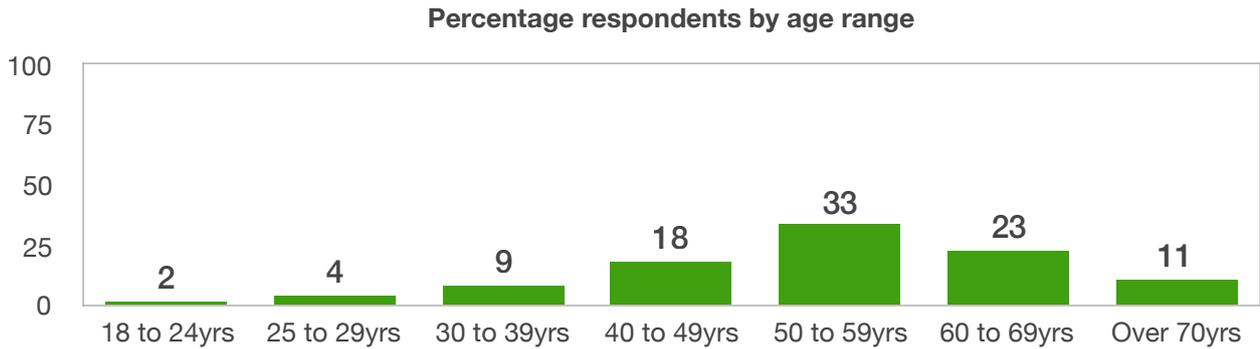

#### **Results:**

- 93 surveys were commenced and fully completed representing a 66% response rate
- 33% of respondents to the survey were between 50 to 59 years
- 34% of respondents to the survey were volunteering for the first time
- 42% of respondents to the survey volunteered with a spouse or partner.
- 92% of respondents to the survey volunteered because they wanted to help others
- 74% of respondents were extremely clear on what was expected of them
- 74% of respondents rated their overall experience as excellent
- 58% of respondents provided additional comments on their experience. Comments were overwhelmingly positive. For conciseness all individual comments are not included.

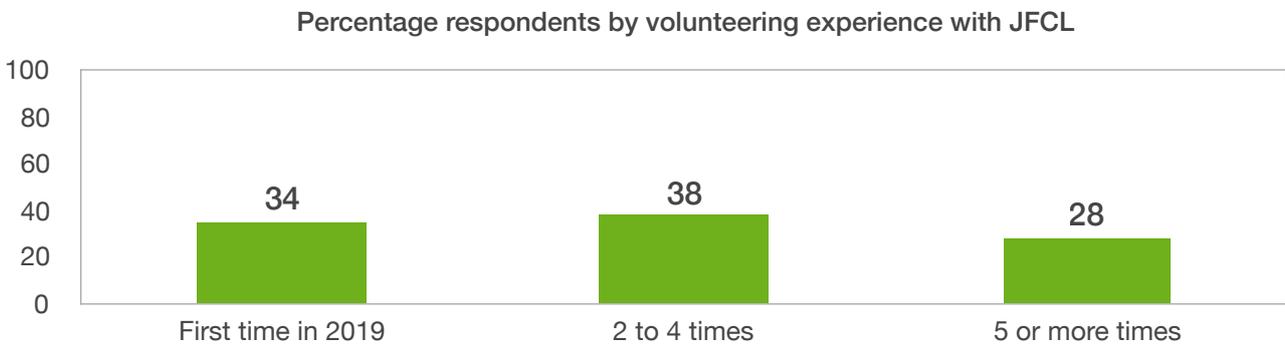

Opportunities for improvement from comments:

- Volunteers register attendance on Christmas Eve and Boxing Day
- Casual /drop in volunteer details are recorded
- Upgrade photography equipment for photos with Santa
- Set up system for enabling maximum recycling
- Set up craft activities for children
